

# Broadcast to a Large Audience with Callbridge

Create high-quality webinars that scale your business and leave a lasting impression.

Callbridge Webinars has all the features and support you need to package your message and reach your audience.

## Use Any Device

Participants can enjoy a seamless connection using their iOS or Android, tablet, laptop, or desktop. Plus, multiple meeting modes make connecting and chatting with the audience easy!

## Boost Engagement

Try using polls and surveys for more real-time engagement, collaboration, and instant feedback. Also, you can record now and use your webinar later for dynamic content.

## Track and Measure

Use our dynamic registration page to collect RSVPs. Callbridge Webinar Analytics and tracking tools provide metrics so you can get a deeper understanding of your audience.

## Callbridge Webinars Makes Your Offering Approachable

### Fast And Easy

Regardless of location, participants can access your browser-based, zero-download virtual waiting room via desktop or mobile apps. From here, they are funneled into your high-quality, live or recorded webinar for training, coaching, classes and so much more.

## Webinar Workflow

-  Schedule a webinar from the dashboard.  
Invite panelist, create your dynamic.
-  Send registration link to webinar attendees.
-  Panelist and Attendees can join from anywhere on any device;  
Remote locations with low bandwidth included.
-  Host live (or prerecord) to lead participants in a webinar!
-  Click record now to capture video for those who couldn't attend.
-  Work with participants to collaborate using Screen Sharing and other tools.
-  Upload and share files using Drive.

## Why Callbridge's Webinar Solution?

### Fits With Existing Tools

Let Callbridge Webinars' seamlessly integrate with how you're already using your tools and workflows to support or build new ones without interrupting the flow.

### Live Stream Your Webinar

Using webinar analytics and tracking tools, you can get immediate metrics for a deeper understanding of your audience demographics.

### Gain In-depth Insights

Using webinar analytics and tracking tools, you can get immediate metrics for a deeper understanding of your audience demographics.

### Enables Geographically Independent Viewing

Provide a virtual space for anyone from anywhere to access your webinar via web browser and Android or iOS mobile app.

### Customized Branding

Highlight thoughts and ideas by drawing and pointing out details during a screen-sharing webinar.

### Other Integrations

Easily integrate Vivomeetings Webinar's technology into your current offering plus other integrations like Slack, Google Calendar, and Outlook.

### Grows Network

Expand your network and grow your reach to accommodate a larger audience alongside technology that scales with you.

### Change Your View

Adjust your vantage point when you use Gallery View to see everyone, or Speaker Spotlight to zoom into one participant.

Offer participants flexibility;

**Customers rank on-demand viewing as the most valuable addition to webinars**
